General E. B. Miller Returns to His Post in Japan.

COMMERCIAL WAR WITH JAPAN

General Miller Believes That Unless the United States Takes Some Action Japan Will Control the Merchant Marine.

SAN FRANCISCO, Dec. 7.—Among the passengers on the steamer Siberia which sailed for the Orient today was Consul General H. B. Miller, who is returning to his post at Yokohama. He addressed 1,200 students at the University of California this morning on the relations between the United States and Japan. He said: "Thoughts of war are the lightest thoughts Japan has today. The test of the future between Japan and the United States will not be a conflict of armies and armament, but will be a war for industrial supremacy. Japan is now reaching out for the world's commerce, and I predict that unless this country makes rapid progress along a line in which it is showing little disposition to progress, Japan will soon be in absolute control of the merchant marine of the Pacific."

RACE WAR IN SOUTH

Two Persons Killed and Two Wounded in Mississippi

ENOCH THOMPSON KILLED

Felix Homan, Negro From Arkansas, Shot and Killed a Negress in a Boarding House and the Fight Started.

GREENVILLE, Miss., Dec. 7.—Two persons were killed and two seriously wounded and two slightly injured in a fight here today. Felix Homan, a negro from Arkansas, shot and killed a negress in a negro boarding house. Officer Abercrombie, W. B. Coffey, William Vaughn and Enoch Thompson entered the boarding house to arrest Homan, who opened fire, killing Thompson instantly. Coffey was shot through the body and perhaps fatally wounded. Abercrombie's right thigh is shattered. N. O. Walner was shot by a stray bullet. Homan was shot in the arm, finally arrested and landed in jail. The excitement is intense and there is strong talk of lynching Homan. Negro depredations are certain to precipitate a race war if continued. The feeling against the negroes is growing more intense every day.

SUBMITTED REPORT.

San Francisco Board of Education on Japanese Exclusion.

SAN FRANCISCO, Dec. 7.—The board of education, through City Attorney William G. Burke, this afternoon submitted to United States District Attorney Devlin a report of the facts bearing on the segregation of Japanese children in the separate schools, which is planned will make the basis of the legal action which the federal government is to take to test the legality of the state statutes under which the board of education made its ruling. The statement presented to Mr. Devlin sets forth all the facts pertaining to the case and is in the nature of an ultimatum from the local authorities who declare that it is their intention of enforcing it. Devlin stated that it would be necessary for him to personally verify the facts as set forth and said that on next Monday he will be ready to state if he will accept the statements as a basis for legal action. The statement was immediately telegraphed to Washington, where it is expected it will be considered by Attorney General Moody. The complaint in the case is of a Jap ten years of age, who has been barred from a primary school. Mr. Devlin states that it is his intention of submitting the matter to the state supreme court, intimating that he preferred to have the matter settled by the judiciary of the state where the matter is in dispute.

BARTENDER ATTACKED.

Salem Negro Attempts to Carve Prominent Bartender.

SALEM, Or., Dec. 7.—Scarcely had Andrew Edwards, a vicious negro, come from the shadows of the penitentiary, where he had just completed a term of two years for carving a man at the Dailies, when he attempted to do the same thing to David McFadden, bartender in a local saloon, and is now in jail with a chance to serve another term. The negro was intoxicated when he entered the saloon, placed a nickel on the bar and ordered a glass of beer. When McFadden placed the drink before him and registered the money, the negro became enraged and swore he didn't order the drink. Jerking out a pocket knife he started around after the bartender, who managed to keep out of the way until the negro was frightened away by a customer who chanced in and notified the police. The negro was found hiding in the manger of a nearby livery stable, and was arrested. He is known as a desperate character, as he has had several fights with other convicts in prison. While working with a gang at the fair grounds, he flew into a rage and threw a cup at the head of another convict across the table, boiling coffee and all striking him in the eye.

TAXING DISTRICT.

Clatsop Included in Taxes for Improvement of Columbia.

WASHINGTON, Dec. 7.—The Oregon delegation to the Rivers and Harbors Congress had a hearing this afternoon before Chairman Barton and Representative Jones of the rivers and harbors committee. J. N. Teal of Portland, made the opening address, in which he said improvement of the mouth of the Columbia and construction of the Cello canal went hand in hand. He appealed for completion of the Columbia river jetty without further delay, saying the project had already suffered by periodical cessation of work. Mr. Teal said he was preparing a bill to be presented to the legislature, creating a taxation district of Multnomah, Clatsop and Columbia counties, with a view to raising \$1,000,000 to aid in improving the Columbia and Willamette. Senators Fulton and Gearin will give a dinner tonight to the Oregon delegates to the Rivers and Harbors Congress, and to members of the rivers and harbors committee.

MIXED SCHOOLS.

Governor Chamberlain Opposes Japs and Chinese.

WASHINGTON, Dec. 7.—"The West is unalterably opposed to joint occupancy of public schoolrooms by Japanese or Chinese and our white children," said Governor Chamberlain today. "We are also against admission of Chinese or Japanese coolies. The present controversy over the Japanese has assumed a phase which calls for application of more common sense than has been manifested in some quarters. The interpretation of treaties rests solely with the courts and certainly not with the executive branch of the government, through the military, as President Roosevelt threatens."

"It appears to me that the administration is inconsistent in attempting to force association in the public schools of an inferior race with white children, when here in the District of Columbia, there is a system of separate schools for whites and negroes. Let the President and Congress demonstrate here the theory of such association before trying to force objectionable policies on the people of the Pacific Coast."

RACE RIOT RAGES.

GREENVILLE, Miss., Dec. 7.—A race riot is raging here. Five men have been killed and the town is under martial law. The trouble was started by an attack upon whites by negroes in revenge for a recent lynching. A band of blacks fired upon several unarmed whites. Their friends immediately came to their assistance and fusillades were exchanged, resulting in five being killed and a number of others being wounded.

A systematic hunt for negroes to blame for the disturbances by armed whites was stopped by the ordering out of troops by the governor in response to an appeal by the mayor. Several houses have been fired and bloodshed is feared tonight.
